Humanities specialising in Educational Sciences, Scandinavian languages, Multilingualism or an education with equivalent content

Learning outcomes

On completion of the course, the student will be able to:

Knowledge and understanding

Text in English will be provided later on.

Competence and skills

Text in English will be provided later on.

Judgement and approach

Text in English will be provided later on.

Course content

Text in English will be provided later on.

Types of instruction

Text in English will be provided later on.

Language of instruction
The course is given in Swedish.

Text in English will be provided later on.

Grades

The grade Pass (G) or Fail (U) is given in this course.

Text in English will be provided later on.

Types of assessment

The examination is conducted through active participation in seminar discussions, oral presentations of pivotal research within the field, as well as an oral exposition of a significant researcher/group of researchers or a research project of great importance for the development of the disciplines. The individual dissertation is situated within a scholarly tradition and is showcased both verbally and in the form of a short written composition.

Course evaluation

Teachers are responsible for systematically and regularly seeking the students' feedback on the course, and for ensuring that the results of different kinds of evaluations influence the continued development of the course. Evaluation at the end of a course is done in written form. Any evaluations before that can be done either orally or in writing. Course evaluation results and any planned changes will be made available by the department.

Other information

Text in English will be provided later on.
