### **SM00130, The individual, health, and the community – Theory and methods in research within public health and community medicine, 4 credits**

Individ, hälsa, samhälle – Teori och metod i samhällsmedicinsk forskning, 4  
högskolepoäng

*Third-cycle level / Forskarnivå*

---

#### **Reading and reference list for SM00130**

This reading and reference list was confirmed by Council for PhD Education at Sahlgrenska Academy 2024-01-24, and is valid from Spring semester 2024.

The reading and reference list is available on the next page.

## Literature list SM00130 – Spring 2024

### Books

Siegrist, J., & Marmot, M. (2009). *Social inequalities in health: new evidence and policy implications*. Oxford University Press.

### Scientific articles

Diderichsen, F., Hallqvist, J., & Whitehead, M. (2019). Differential vulnerability and susceptibility: how to make use of recent development in our understanding of mediation and interaction to tackle health inequalities. *International journal of epidemiology*, 48(1), 268-274.

Braveman, P. (2010). Social conditions, health equity, and human rights. *Health & Hum. Rts.*, 12, 31. Particular focus on the Diderichsen model on page 36.

Davis, S. L. (2020). *The uncounted: politics of data in global health*. Cambridge University Press. 2 pages

Fisk, S. A., Lindström, M., Perez-Vicente, R., & Merlo, J. (2021). Understanding the complexity of socioeconomic disparities in smoking prevalence in Sweden: a cross-sectional study applying intersectionality theory. *BMJ open*, 11(2), e042323.

Hatzenbuehler M.L., Phelan J.C., Link B.G. (2013) Stigma as a fundamental cause of population health inequalities. *American journal of public health* 103 (5), 813-821.

Lundberg, O. (2020). Next steps in the development of the social determinants of health approach: the need for a new narrative. *Scandinavian journal of public health*, 48(5), 473-479.

Mann J. et al (1994). 'Health and Human Rights' *Health and Human Rights* 1(1), pp. 6-23

Marmot, M. (2002). The influence of income on health: views of an epidemiologist. *Health affairs*, 21(2), 31-46.

Nutbeam D. (2000) Health literacy as a public health goal: a challenge for contemporary health education and communication strategies into the 21<sup>st</sup> century. *Health promotion international*. 15 (3), 259-267.

Priebe, G. (2016). Micro level impact of the right to health—a qualitative study of patient perceptions. *Diversity and Equality in Health and Care*, 13(5). 319-325

Tobin J. & Barrett D. (2020) 'The Right to Health and Health-Related Human Rights', in Meier B. & Gostin L. (eds) *Foundations of Global Health and Human Rights*. 22 pages

Note! Two additional articles are mandatory preparation for the literature seminar. These will be identified based on the participant research fields and presented to the students during the first course week.

### Not mandatory but interesting

Kuh, D., Ben-Shlomo, Y., Lynch, J., Hallqvist, J., & Power, C. (2003). Life course epidemiology. *Journal of epidemiology and community health*, 57(10), 778.

Kelly, M. P., & Barker, M. (2016). Why is changing health-related behaviour so difficult?. *Public health*, 136, 109-116.

World Health Organization. (2010). A conceptual framework for action on the social determinants of health. Read page 5-6 and 15-19. Available on the WHO webpage
